With its designated social area, Azalea court offers:

- **Hair Salon** fitted to a high standard offering a bespoke service for beauty treatments.
- **Activity Room** offering a wide range of services, painting classes, chess groups and many other groups and social meetings.
- **The Retreat** a dedicated area for thought and relaxation providing aromatherapy and a place to find some solace.

Azalea Court is able to offer a complimentary service tailored to meet all your needs.

## Welcome to Azalea Court

*Azalea Court is a place where the essence of living is at the heart of the home. With a range of care tailored to your needs delivered by qualified nurses and care staff, we know that our purpose-built facility will bring greater quality of life and comfort to you and your family.*

Azalea Court sits in Bush Hill Park, Enfield, in a quiet location on the edge of the conservation area, within its own landscaped gardens.

Completed in 2011, the building is designed and furnished to the highest standards, and offers a relaxing environment, excellent leisure activities and personal support whenever you need it.

The site is also designed to harness solar power to meet the needs of residents without compromising the ability of future generations to meet their own needs. In addition, we have two sedum roof gardens allowing the harvesting of rain water for use within the site.

## Nursing Care

Azalea Court is able to offer a personalised care and support service 24 hours per day to ensure that you feel safe and enabled throughout your time with us.

Registered nurses led by a unit manager, with support from a team of nursing professionals and a doctor, will supervise the delivery of a bespoke plan of care and support which has been discussed with each individual and agreed as the way forward for any treatments or care delivery.

Azalea Court enables you to live in a modern and versatile environment while you receive the care and attention you require in a setting which is conducive to relaxation and healing, whether this is for a short or long-term period. With the additional supporting services of chiropody, physiotherapy and dietetics and many additional services to hand, Azalea Court is able to offer a complete care package designed for you.

## Dementia Care

At Azalea Court we want families and individuals to see us as the first choice in quality dementia care. We aim to provide care at both residential and nursing levels reaffirming our home as a place for living and life, where your loved ones can receive the care they deserve.

Our focus is on **reminiscence, validation, resolution and observation**. We believe that monitoring for signs of well being and ill health are key to providing an enabling environment. Our work with life history and story building starts at assessment and allows us to build a critical understanding of the person's life.

Through the support of our training programme our staff will be able to support you in making informed choices, and will enable you to continue to make those choices by using our assistive technology and maintaining your own independence.

Our aims are:

- *To provide a sense of personal worth to the individual and show that they have something to offer.*
- *To provide a feeling of being in control and being able to make decisions which will be carried out.*
- *To provide a sense of belonging whether it be with friends, colleagues or professionals.*

## The Willows – Advanced Care

*Sitting within the grounds of Azalea Court is The Willows, a stand alone purpose-built unit designed to enable you to receive the support and care you require in an environment that is enabling, supportive and above all, individual.*

The Willows has been designed to provide advanced nursing care with specialist interests in spinal injury, and will be able to support you through respite and long-term stays.

On entering The Willows you are greeted by a feeling of space and light this is due to the central atrium, wide corridors, and the use of natural woods and light colours.

Rooms are spacious and fully equipped with some of the latest technology to provide an enabling environment. With bi-fold doors to all rooms, moving in and out of your room gives you access to the landscaped garden and your own patio area.

The bedrooms are fitted with a H-frame track system enabling minimal handling and maximum comfort. The large ensuite provides a wet room with easy access and each room is fitted with an electric profiling bed and comfort mattress along with flat screen TV and Wi-Fi access.

The Willows is able to offer the ultimate experience in accommodation and care using assistive technology with specialist staff on hand whenever you need them.

Our café style servery is stylish and modern. The mobile work tops are height adjustable and the flexible cupboard system allows for easy access, while the base units are easy to open with sliding components to access the interiors with ease and individual comfort. All of this ensures that the individual can maintain independence and continue with rehabilitation.

The care we provide:

- Long Term
- Short Term
- Rehabilitation
- Respite
- Intermediate
- Emergency Respite
- Delayed Discharge
